PROJECT PROPOSAL

Please answer the following questions on separate sheet(s) and attach to your application.

Name of proposed project / program

Group or individual requesting grant

Explain your or group's involvement in the area of canine health. What have you accomplished in the past? What particular experience and training do the principals involved in this project have? (Please attach relevant resumes/CVs.)

What are you attempting to learn with the funds from this grant?

How do you expect the results of this project to impact the health of the French Bull Dog?

Describe in detail exactly what you propose to do with this grant.

Describe the project in enough detail that FBDCA CF can determine:

- what will be done;
- how funds will be used;
- how the results of the study or project will be shared with the French Bulldog fancy.

Attach a detailed budget including source/s of other funds that will or may be used for this project.

Your proposed budget should show expenses including personnel, equipment, travel, resources, printing, etc.

Required Documents

Copies of these must accompany your grant application.

- If you are a **501©3 organization**: Provide copies of your Form 990 for the two most recent years.
- If you are **NOT** a 501©3 organization, but are an **organization** seeking funding: Provide copies of your income tax forms for the two most recent years and highlight those expenses that demonstrate your activities in canine health.
- If you are an **individual**, copies of your tax returns are not required. However, a CV (curriculum vitae) should be attached giving enough detail for the CF to evaluate your ability to complete the project you describe.
- Project **Timeline** that identifies intermediate project milestones with dates for specific objectives to be completed.
- Current or pending Funding Sources for other, related programs or projects by applicant or by others.
